Regular Attendance (Goal 3)

[Comparative Data](#)

The team discussed Goal 3 of the ELAC committee by examining the trends of attendance throughout the state, county, district, and school. We spent time examining our school data at a subgroup level. We celebrated the accomplishments of our school because our data reflects a high attendance rate and incredibly low chronic absenteeism. We also discussed that sub-groups that would traditionally have

more troubling attendance data do not have the same issues here. The team was provided an opportunity to give ideas on how to share this data, as well as, how to improve sharing the importance of regular attendance with the greater community. The team brought up questions about ISC attendance as well as a way to share the attendance codes from the state with more transparency.

### **SCHOOL SITE PLAN**

The team had the opportunity to vote on the finalized plan that will be submitted to the board on Thursday the 21st of January.

### **COMPREHENSIVE SCHOOL SAFETY PLAN**

The team reviewed the goals area of the CSSP and voted to approve the plan as is. The team also discussed protocols for addressing issues that may occur in an online format (Launch) as well as suicide prevention.
