

SCHOOL SITE COUNCIL NOTES

December 7, 2020

2:30 p.m.

CALL TO ORDER: The meeting was called to order at 2:33.

Welcome

Introductions: Introductions of members were made and we welcomed new members to the team. The team took time to look over the roles and responsibilities of the SSC and we addressed any concerns and questions that were posed.

Approval of Minutes:

The team reviewed minutes from the January meeting and Shana Hood made a motion to approve, Tricia seconded the motion, and all were in favor. Minutes were approved.

Title 1 Information

The team took a look at all information related to Title 1 funds for the purposes of understanding how those funds can be used. Questions about the timeline for those funds were addressed and Mr. Lange shared that these funds are not always a guarantee and that we may not receive them in the coming year. Mr. Lange also addressed the fact that Title 1 funds are not eligible for carryover from year to year.

ELAC

The team discussed the intent for the school to have an independent ELAC. Mr. Lange shared that the school made two different attempts to host, develop, and affirm an ELAC, but was unsuccessful in gaining the required membership. The team then discussed the option to adopt the roles and responsibilities of the ELAC into the body of responsibilities of the SSC. Mr. Lange trained the team on those responsibilities and answered all related to the questions. Mr. Lange also explained that we had the ability to absorb ELAC into the SSC because we had the required percentages of parents of students who are English Learners as current members of the SSC. After hearing the ELAC roles that the team would need to take on there was a vote to approve the. Andrea made a motion to approve, and Alina seconded the motion. All members were in favor and the motion carried.

School Site Plan

The team quickly went over the main portions of the SPSA and answered any questions. We took additional time to look over past school data related to 2019-2019 SBAC data, and 2019-2020 ELPAC data.

The team then took a deeper dive into goals. Mr. Lange explained how those goals align to the district mission and vision. We looked over each of the three goal areas and talked about how each of the activities listed support the overall goal. Mr. Lange answered a variety of questions related to goals.

Mr. Lange then presented the schol budget. The team had questions about long term financial stability as it relates to the Eeveryone's A Reader program, how money is being used equitably between in person and Launch programs, and the amount being used for safety concerns related to the pandemic. The team then voted on the budget. Tricia made a motion to approve and Shana seconded the motion. All members were in favor and the motion carried. We then discussed that the team would have additional time to reflect on the SPSA and provide additional feedback. At the beginning of next month's meeting we would vote on the plan.

Adjournment:

The meeting was adjourned at 3:24.

Thank you!
